No. 841.—The following additions have been made to the Rules for the Accounting and Auditing of the Passage Concessions published in Notification No. 221, dated the 12th July 1926, at pages 1405-1411 of Part I of the *Fort St. George Gazette*, dated the 13th July 1926 :—

ADDITIONS.

22. The rate of foreign service contribution shall be adopted as the basis for assessing the liability of different Governments under whom an officer entitled to passage concessions, may be employed, the actual method being as follows :—

(1) The liability of a Government for the passage of an officer entitled to passage concessions, shall be taken (for the present) at Rs. 50 per month

(2) When an officer belonging to one Government is temporarily deputed to service under another the borrowing Government will be required to pay a contribution to the lending Government calculated at the rate referred to at 22 (1) above, for the period of service rendered by the officer under that Government. The calculation of the total amount payable by the borrowing Government may be made at the end of the service or at the end of the financial year, whichever is earlier, and the adjustment may then be made in one lump sum. The cost of all passages taken by the officer will continue to be borne by the lending Government.

NOTE.—The contributions payable should be recorded in the books of the borrowing Government under the head 'Contributions for passages of officers transferred to or from other Governments, Departments, etc.' to be opened under the primary unit 'Grants-in-aid contributions, etc.' relating to the minor or sub-head to which the passages would have been debited had the officers been on the permanent employ of that Government, and in the books of the lending Government under the head 'XXXIII—Receipts in aid of superannuation —Contributions for pensions, etc.' unless the receipts appertain to a commercial or the military department in which case the credits may be adjusted as miscellaneous revenue of the department concerned

(3) When a Government servant belonging to one Government is transferred *permanently* to another, the adjustment between the two Governments may be made in accordance with the following rules :—

(*a*) The Government under which the officer was originally employed will be debited with an amount which is equivalent to the contributions calculated at Rs. 50 per month for the period of service (including leave) rendered by the officer to that Government.

In the case of an officer who was on service on 1st April 1924, the period of service rendered before that date will be neglected for the purpose of the above calculation.

(*b*) That Government will be credited with an amount representing the cost of passages already availed of by the officer while serving under it.

If (*b*) exceeds (*a*), the difference will be credited by the original Government to the second Government, and conversely, if (*b*) exceeds (*a*), the difference will be debited by the original Government.

NOTE.—The amount of the difference should be adjusted under the detailed head 'contributions for passages of officers transferred to or from other Governments', vide clause (2) above in the books of the paying Government, and in the books of the receiving Government, it should be adjusted under the head 'XXXIII—Receipts in aid of superannuation —Contributions for pensions, etc.' unless the receipts appertain to a commercial department or the military department in which case the credits should go to departmental major head of receipts concerned

The cost of passages taken by the officer after the date of transfer will be charged to the second Government.

The above procedure will apply *mutatis mutandis* to adjustments between non-commercial and commercial departments within the same Government, and also to adjustments within the Central Accounts between Civil and Military.

23 The passage fund having been abolished, the adjustment of past transactions in respect of amounts credited and debited to the head "Passage Fund" in the accounts for 1924-25 and 1925-26 should be made in the following manner :—

(*a*) From the register of collections and payments, vide Form G of the revised rules for accounting, etc., of the passage fund and the combined index, and broad-sheet of credits, vide Form H ibid, the payments made by each Provincial Government into the General Passage fund, and the payments made out of the fund, on account of Government servants belonging to that Government should be worked out, and adjustment of the difference effected as below :—

(i) If the balance is in favour of the Local Government, the difference may be adjusted under the head 'XXXV. Miscellaneous—Recoveries of service payments—Provincial' by *per contra* debit to the head 'General Passage Fund'.

(ii) If the balance is a debit balance the difference may be adjusted under a special head 'Cost of passages granted under the Superior Civil Services Rules, 1924' to be opened under the head '47. Miscellaneous—Provincial—Reserved or transferred—Non-voted—Allowances, Rewards, etc.'

(*b*) The balance left under the head 'General Passage Fund' after making the above adjustment may be credited or debited to Central revenues in accordance with the procedure suggested at (*a*) above.

The rates offered should be entered in the tender form in words as well as in figures. Samples of such of the articles as are available can be seen on application at the jail.

Tenders will be accepted according to groups, and rates should be quoted for all articles comprised in group. All supplies must be up to the samples accepted by or approved by the Superintendent.

2 Successful tenderers will be required to enter into stamped agreements with the jail within seven days from the date of receipt of intimation by them, that their rates have been accepted. In addition to that, they should before signing such agreements deposit security of 10 per cent of the total value of the supplies undertaken. Failing compliance within the time specified, the earnest money may be confiscated and in the event of withdrawal they will also be liable to pay any difference between the prices accepted and those ultimately obtained by the jail. The earnest money received from successful tenderers will be taken towards their security deposits and those from others returned.

3 The Superintendent reserves to himself the right to accept or reject any tender without assigning any reason.

4 Contracts should not be sublet.

5 Any rates accepted and contracts entered will be subject to the confirmation by the Inspector-General of Prisons whose decision also shall be final in all questions of infringement of contract.

6. As the quantities given in each article of the schedule are only approximate, contractors will be under an obligation to supply the entire requirements during the period of contract plus as much as may be needed to last for a whole month thereafter, provided in respect of the extra quantities, that written orders are given within a fortnight of the termination of the agreement. At the same time, the Superintendent does not bind himself to receive the quantities or numbers noted in the schedule if they are not required.

7 No article to be supplied to the jail except on a requisition signed by the Superintendent or some responsible person authorized by him in writing to do so "By order".

8 No advance of cash will on any account be made to the contractor, when giving orders, nor will the jail pay freight or other charges on consignments to be afterwards deducted from bills, but payment for articles delivered at the jail or order will be made promptly after they have been inspected and passed. Contractors must submit to receive payment of their bills in whole rupees to which and fractions of a rupee forming part of the sum due on each bill will be disregarded, unless they constitute a fraction equivalent to half rupee or more, when they will be treated as a whole rupee for purposes of the account.

9 Contractors are required (under a penalty not exceeding Rs 25) to invariably send with each supply a memorandum or advice note duly signed showing the number or quantity tendered for acceptance. A bill for supplies made during the month shall be submitted by the contractor by the 25th of each month.

10 In addition to any difference in prices that may be recoverable from contractors, on account of purchases rendered necessary elsewhere by failure, neglect or refusal on their part to supply according to the terms of their agreements, a fine not exceeding Rs. 50 may be levied at the discretion of the Superintendent for each and every such case of default. For repeated infringement of the stipulations of the contract or other justifiable reasons, he may also annul it recovering all losses sustained by the jail in consequence of the annulment from the security deposited by the contractors or other money due to them and in the event of any residue by legal measures, if so advised.

11. Further information on any point concerning the notification can be had from the Jail office.
